Trauma Cover

Protection when you need it most

We are living longer and surviving serious illnesses like cancer, stroke and heart disease that would have once resulted in an early death. This is great news and a lump sum payment upon diagnosis will ensure you can focus on your recovery, rather than worrying about the impact on your financial situation.

! Consider this...

Each year, around 55,000 Australians suffer a heart attack. This equates to one heart attack every 10 minutes.¹

In 2012 there were over 420,000 people living with the effects of stroke. This is predicted to increase to 709,000 in 2032.²

1 in 2 Australian men and 1 in 3 Australian women will be diagnosed with cancer by the age of 85.³

More than 60% of people diagnosed with cancer in Australia will survive more than five years after diagnosis.³

How would you cope financially if something happened to you? Would you have enough savings to cover all your out of pocket expenses? Or access the best medical treatment for your condition? Would your reduced income meet the mortgage repayments and your living expenses?

The solution is simple

Trauma Cover will provide you with a lump sum benefit of up to \$2,000,000 if you are diagnosed with one of 44 specified medical conditions and survive 14 days from diagnosis, irrespective of whether or not your ability to work is impacted.

Our Trauma Cover Plus Option provides cover for an extra 13 conditions. Most of these conditions pay a partial trauma benefit because the condition is at an early stage and of lesser severity to conditions that pay a full benefit.

Cover options to suit you

With ClearView, you may hold Trauma Cover as a stand alone policy or link it to your Life and/or TPD Cover. Trauma Cover cannot be held inside super, but you can hold it outside super and flexi link it with your Life and/or TPD Cover inside super.

And if you link or flexi link your Trauma Cover with Life Cover, we will automatically reinstate your Life Cover benefit amount 12 months after a full or partial trauma benefit is paid.

Your Trauma Cover benefit amount will also be reinstated 12 months after a trauma claim is paid.
